

# Petro Power System 1

*Creating Systems to Control, Power & Integrate Your Business*

The **CPI Petro Power System 1 (PPS1)** is designed and manufactured by CPI to supply our customers with a cost effective, quality, easy-to-install fueling controls solution that complies with paragraph 514-6 of the National Electric Code and a lighting controls solution in a single enclosure. Paragraph 514-6 states that “*..each dispensing device shall be provided with a means to remove all external voltage sources, including feedback, during periods of maintenance and service of the dispensing equipment.*” The **CPI Petro Power System 1** combines complete power isolation with complete lighting control.

#### **Standard System Includes:**

- Fueling Emergency Stop Pushbutton
- Fueling Reset Pushbutton
- Submersible Pump Status Lights
- Dispenser Power Contactors
- Dispenser Isolation System
- Dispenser Maintenance Switches
- Submersible Pump Power Contactors
- Lighting Controller
- Individual, Illuminated Zone Override Pushbuttons
- Interface Terminal Strips
- (1) Panelboard

#### **System Standards:**

- Complete system is UL Listed product
- Meets or exceeds NEC requirements

#### **Electrical Requirements:**

- 120V, 15A Supply Circuit
- 30A Standard Contactor Switching Capacity (higher capacities available upon request)
- Maintenance Switches rated 125V, 15A

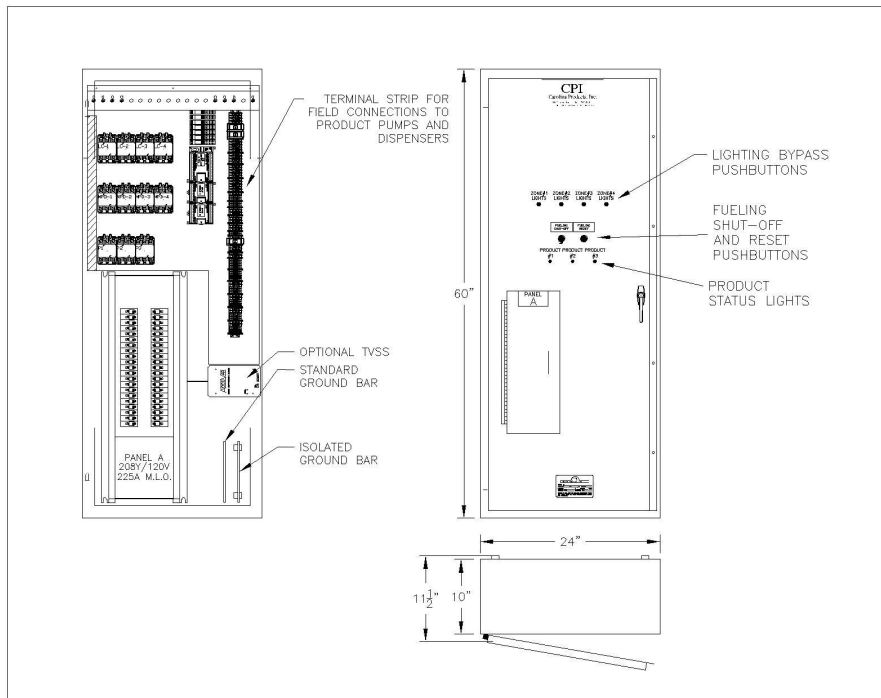

## PETRO POWER SYSTEM 1 (PPS1)

<u>MODEL #</u>	<u>DESCRIPTION (TYPE OF FUELING SYSTEM)</u>	<u>CAPACITY</u>	
		<u>PUMPS</u>	<u>MPD'S</u>
PPS1-4D-3P-16L	CONTROL FOR 4 DISPENSERS AND 3 PRODUCTS	3	4
